

AVON OREN

BSIS Student • Information Systems • Aspiring IT Professional

PROFILE

I am Avon Oren, a Bachelor of Science in Information Systems (BSIS) student at Zamboanga del Sur Provincial Government College. I am interested in information systems, programming, database management, web development, cybersecurity, and software development. I am continuously developing my technical and problem-solving skills through academic projects and hands-on learning.

EDUCATION

Zamboanga del Sur Provincial Government College

Bachelor of Science in Information Systems (BSIS)

Student

TECHNICAL SKILLS

- HTML and CSS
- JavaScript
- Python
- Java
- SQL and Database Management
- Git and GitHub
- Basic System Analysis and Design
- Information Systems and Data Management

GITHUB PROJECTS & ACADEMIC INTERESTS

Online Examination System — A system project involving online examinations, user roles, examination records, automatic result computation, and database storage.

Fraud Detection System — An academic project focused on identifying suspicious transactions and improving security through monitoring and verification.

Database Management Projects — Projects and exercises involving data organization, storage, retrieval, and maintenance.

Web Development Projects — Learning projects using HTML, CSS, and JavaScript.

CAREER OBJECTIVE

To improve my knowledge and skills in Information Systems and technology, gain practical experience, create useful software and information-system projects, and become a capable IT professional.
